

WATER HOSE

Garden Flexeel

Lightweight and highly durable, this hose has a slender profile and remains flexible even in very low temperatures. It is suitable for use in moderate-flow applications such as garden or greenhouse watering and light-duty washdown.

Model #s PGH6025GS & PGH6050GS
3/8" ID x 25' & 50' with 3/4" GHT fittings

Water Flexeel

Water Flexeel incorporates the features of Flexeel into an industrial strength water hose. This hose is perfect for heavy, continual use. Water Flexeel is available in 1/2" and 5/8" inside diameters and features standard 3/4 inch garden hose threads.

Model #s WGHR12-50B, WGHR12-75B
WGHR58-50B, WGHR58-75B
1/2" x 50' & 75' and 5/8" x 50' & 75',
with 3/4" GHT fittings

Yellow Belly Industrial Wash Down

Constructed of a lightweight yet durable hybrid PVC material, this hose has the same characteristics of our Yellow Belly air hose, but in an industrial wash down version.

Model # YBW5850Y
5/8" ID x 50' with 3/4" GHT fittings

- Polyurethane for light weight, durability and long service life
- Slender-profile hose is designed for moderate flow applications
- Reusable plated-brass 3/4" garden hose fittings are corrosion resistant with durable bend restrictors

- Reinforced polyurethane provides lightweight and flexibility
- Weighs 50% less than traditional garden hose
- High abrasion resistance
- Plated-brass 3/4" garden hose fittings with strain relief to prevent kinking

- Lays flat, rolls out and stores well
- Flexible down to -40° F
- Strain relief prevents kinking
- Hi viz color
